Covered Medical Benefits	Cost if you use an In- Network Provider	Cost if you use a Non-Network Provider
Overall Deductible	\$1,250 person / \$2,500 family	\$1,250 person / \$2,500 family
Overall Out-of-Pocket Limit	\$3,000 person / \$6,000 family	Unlimited person / Unlimited family

The family deductible and out-of-pocket limit are embedded, meaning the cost shares of one family member will be applied to the per person deductible and per person out-of-pocket limit; in addition, amounts for all covered family members apply to both the family deductible and family out-of-pocket limit. No one member will pay more than the per person deductible or per person out-of-pocket limit.

Your copays, coinsurance and deductible count toward your out of pocket limit(s).

In-Network and Non-Network deductibles are combined and accumulate toward each other; however In-Network and Non-Network out-of-pocket limit amounts accumulate separately and do not accumulate toward each other.
