**ATTENTION:** This email originated from outside the County's network. Use caution when opening attachments or links.

Good Evening Council Members,

This evening we discussed writing a letter to the Supervisors expressing concern over the redistricting map and the effect it will have on the SMAAC area.

I have sent the attached letter to Kathleen Goble and asked her to share with the Supervisors as was discussed at tonight's meeting.

Thank you for your input on this issue and for attending the meeting this evening.

Let me know if you have any questions...

--

Stacey

Re: County Redistricting and the Santa Margarita Area Advisory Council

Dear Supervisors,

As chairperson of the Santa Margarita Area Advisory Council, I am writing this letter to express concern shared by the council members listed below, regarding the redistricting map selected by the Board of Supervisors at your November 30<sup>th</sup> meeting.

The Santa Margarita Area Advisory Council was created in 1974, making it the longest functioning Advisory Council in the county, as well as one of the geographically largest. We have maintained a long-standing relationship with the 5<sup>th</sup> District Supervisor over the last almost 50 years.

Our concern is the new map will put the Advisory Council in 3 separate Supervisorial Districts. No other county Advisory Council will be impacted to this degree. We feel this could be detrimental to the council members and our constituents. One of the many concerns is this will decrease our ability to receive reports and interact with our Supervisor at our monthly meetings as well as reduce any influence of our concerns upon our Supervisor. Parts of our area will be in the south county and coastal districts which have no commonality to our actual area.

We are requesting that revisions in the map boundaries be made to limit the number of Districts the Santa Margarita Area Advisory Council falls in and to keep our advisory council area intact.

Sincerely,

Stacey Phillips, Chairperson, Pozo  
George Sullivan, Tassajara Canyon  
Eric Booker, Parkhill Road  
Stuart Souza, Garden Farms  
Connor Whiteford, Rinconada  
Keith Wales, South Atascadero  
Simone Smith, Santa Margarita  
John Wilkins, Santa Margarita  
Tamara Kleeman, Highway 58

Message: Thank you taking on the hard task of redistricting. I wanted to speak yesterday but I ran out of time. I was hoping that since I got there at 7:45 I would get to speak but I had to leave at 2:00. I saw things that I didn't like in both maps but I feel that the Patton map was the best. Thank You for making hard choices and picking it for the final. Rod Blackner

Message: I'm very concerned about the proposed redistribution map. It seems that the county is cut up in a way that is not geographically pertinent. I live in Morro Bay and we are to be without representation for 1 possibly 2 years. It looks that the move is being made to benefit a certain political party and disregard another. Are the representatives who champion this farce really doing what their districts ask for or cheating to try and gain an advantage? In this day and age with so much electronic communication, there is more transparency. We see what you are doing. And it seems to be for personal gain. Please let it be. Do not adopt this new map. Thank you for your time.

Message: While I am sending this email to all five Supervisors, it is intended primarily for the eyes and ears of Arnold, Peschong and Compton. While the action you took regarding the redistricting of our County is egregious in and of itself, it pales in comparison to the egregious behavior exhibited by the three of you. You are an embarrassment not only to our County but to the democratic principles upon which our Country was founded. Shame on you. Shame on the voters who put you in power.

City Los Osos

Zip 93402

As a resident of Los Osos, I ask that the boundaries for redistricting keep Morro Bay and Los Osos in the same district because of shared "community of interest". Students from both communities attend the middle school located in Los Osos and the high school located in Morro Bay. Separating these two communities with two different supervisors could severely impact families with school age children who have common social and economic issues.
